

Jonathan Hamilton

Orlando, FL · *email for phone #* · jonathanjhamilton@gmail.com · github.com/JHWebDeveloper

I am a Senior Associate Software Engineer at Fannie Mae with over 16 years experience in web and software development. I began as a self-taught coder and have rapidly excelled as a tech industry professional. I am a strong team contributor, hands-on learner with a proven ability to deliver innovative solutions, solve complex problems and master any platform the project requires.

EXPERIENCE

Fannie Mae · Reston, VA (Remote) Oct 2022 - Present
Senior Associate Software Engineer

- Worked directly with end users to adapt their business needs into innovative solutions
- Developed multiple enterprise applications meeting deadlines and delivering a high ROI
- Oversaw production deployment of applications and large historical data migrations
- Maintained Appian reusable tool libraries to streamline team development
- Member of winning team in Hack-ON LTDE 2024, a internal hack-a-thon at Fannie Mae

Capco · Orlando, FL Feb 2021 - Oct 2022
Consultant / Frontend Developer

- Lead front-end developer on client cloud migration project
- Translated complex business processes using Excel and AccessDB into enterprise applications
- Established team best practices and maintained a library of reusable Unqork components
- Administered Unqork office hours, training junior devs and those new to Unqork

WFTV · Orlando, FL May 2010 - Jan 2021
News Editor / Web Developer

- Developed Able2, a video download app in use at CMG owned new stations across the country
- Voluntarily developed, deployed and maintained multiple applications to assist co-workers
- Created custom CSS stylesheets for on-air touchscreens
- Awarded Employee of the Quarter for my developer contributions, October 2019
